Dermatology Comes to Galion

GALION – May 9, 2013 – Avita Health System is excited to announce that G. Scott Drew, DO and Frank Morocco, DO will be expanding their dermatology practice into Galion, beginning the third week of May, at 800 Portland Way North. The physicians will continue their dermatology practice in Marion.

“Avita has worked hard to bring dermatology services to the area,” comments Jerry Morasko, Avita Health System CEO. “There is a shortage of dermatology across the nation and we are lucky to have physicians who are willing to practice in Galion.”

Board-certified in both dermatology and family medicine, Dr. Drew completed his doctorate at Kirksville College of Osteopathic Medicine in Kirksville, MO. After receiving his medical degree, he continued his education with an internship at Normandy Osteopathic Hospitals in St. Louis, MO. He then went on to complete two residencies; one in family medicine at the University of Medicine and Dentistry of New Jersey in Camden, NJ, and one in dermatology at Deaconess Medical Center in St. Louis.

Dr. Morocco completed his doctorate at the Lake Erie College of Osteopathic Medicine in Erie, PA. He furthered his education with an internship at UHHS Richmond Medical Center in
Cleveland, OH, and went on to complete a dermatology residency at O’Bleness Memorial Hospital in Athens, OH. He is board-certified in dermatology.

To schedule an appointment with Dr. Drew or Dr. Morocco, please call 740-383-7996 or 800-282-6741.
