

# Abdomen MRI Preparation

(Liver, Renal, Pancreas, MRCP and Adrenal)

## Abdomen MRI (Liver, Renal, Pancreas, MRCP and Adrenal)

### Preparation:

- Do not eat 6 hours prior to test time.
- Ok to take medications in the morning with water.
- Remove all metal objects if able (jewelry, piercings).
- Plan to arrive 30 minutes prior to your test time for screening.

### During Scan:

- You may receive Gadolinium contrast if ordered with test.
- You will be asked to lie still and may receive breathing instructions (hold breathe for 30 sec).
- The machine makes loud noises and vibrations, you will be provided with earplugs and headphones.
