

Breast MRI Preparation

(Galion campus only)

Breast MRI (Galion campus only)

Preparation:

- Do not wear deodorant, lotion, perfumes, glitter, sprays on skin.
- Remove all metal objects prior to your appointment (jewelry, piercings).
- Plan to arrive 30 minutes prior to your test time for screening.

Galion Hospital Radiology

419-468-0771

During Scan:

- You may receive Gadolinium contrast if ordered with test.
- An IV will be started prior to going into the MRI room.
- You will be asked to lie on your stomach on our breast coil. We will get you as comfortable as possible.
- The machine makes loud noises and vibrations, you will be provided with earplugs and headphones.

Key Takeaway

Following these guidelines helps ensure your MRI is safe and accurate. If you have questions about medications, treatments, or preparation, please contact your care team before your appointment.
